

**Getting kids where they need to go takes a village.
We're part of your village.**

SAFETY. COMMUNITY. PEACE OF MIND.

RideAlong is a safe, reliable and affordable transportation alternative started by busy parents for families.

Nothing is more important than your child's safety. As a RideAlong family, you have the same driver every day, whom you know and trust. You always know where your children are, who the other passengers are, and no one is ever left alone.

As one client says, **"it's like having your own personal driver."**

RideAlong drivers aren't just thoroughly and professionally vetted - they're dedicated community members who love helping others.

Families have realtime contact with them and receive stop-by-stop notifications. When schedule changes or other difficulties pop up, you communicate directly with your driver. We make sure your child is delivered promptly and is always safe.

Our drivers are part of our family. We hope they'll become part of yours.

Reliable. Affordable.

At a fraction of the cost of other options, RideAlong provides reliability, peace of mind, and a personal connection that no other service can guarantee. Our focus on community, advance scheduling and carpooling helps us keep rides affordable.

Our village is here for your family.

- **Daily School Pick-Ups and Drop-Offs**
- **After School Programs - Sports, Arts, Other Activities - Pick-Ups / Drop-Offs**
- **Doctor and Wellness Appointments**
- **Additional Transportation Needs**
