

CBA ANNUAL PHYSICAL INFORMATION

2023-2024

To help simplify the process of submitting your son's annual physical, we have created Class specific emails for you to send your son's medical forms directly to the Nurse's office. Please note that the nurse's office will no longer accept hard copies of physicals - all physicals must be scanned and emailed. Physicals must be completed no earlier than June 1, 2023 and no later than August 4, 2023. The form for the annual physical along with the Health History form is attached to this email.

The forms can also be found on your son's Class Page. Please scan and email your son's completed medical forms no later than August 4, 2023 to the email below that corresponds with his graduation year:
